### PRODUCE MARKETS.

CHICAGO, Oct. 6 .- | Special Telegram to the BEE.]-The early strength in the wheat market appeared to be based upon foreign news partly and partly upon the strength shown by outside markets yesterday, while this board forgot money-making and welcomed the president. The market was almost entirely local again with the exception, it is said, of a sale of May and the purchase of December for New York account. This absence of outside orders made the market quite susceptible to the influence of quick-moving local traders, who were buying more than they sold early in the session and reversed the situation later. Liberal receipts in the northwest, coupled with a light export movement, were sufficient to induce a desire among the scalping element who had been buying early to unload. The strength of early cables, however, was not keeping pace with these offered supplies and a decline began and was measurably helped by late private cables, which were weak in tone. The opening was at 72c for November, 73%c for December and 79c for May. The highest figures touched were 1/4c above these for November and May, and these were these for November and May, and these were obtained almost immediately after the opening and dost almost as quick. December did not gain a fraction from the opening. Under the influence noted above the market held fairly steady until about noon and then declined to the close, which was about the lowest point of the session, at 71% c bid for November, 72% (272% c for December and 78% c bid for May.

The opening in corn was at 4c advance over the closing ingures of Tuesday at 42% for November, 42% c for December and 45% for May. These figures were not bettered during the session. There appeared to be but little general interest in the market and the volume of business was small.

Outs again failed to she wany signs of re-

the volume of business was small.

Onto again failed to show any signs of renewed life and the market continues in the old rut so far as prize changes are concerned by reason of the existing duliness.

by reason of the existing duliness.

In provisions there was no particular life in the movement. Traders seemed to be governed by circum-spection and in their trading there was neither freedom nor vigor at any time during the day. The feeling was somewhat bearishly inclined. At 1 o dock October short ribs were the only articles that showed an advance over Tuesday's final prices. In January pork and lard the decline actually suffered was 5c in October, November and December lard, 23c and in January short ribs 25c. October short ribs were taken care of by corner representatives and a large share of Tuesday's break was recovered, the resting quotation showing an improvethe resting quotation showing an improve-ment of 2734c. For this article the day's range was \$7.00\circ{0}.45 and the closing \$7.40. In lard fluctuations were confined to narrow limits and the final prices stood at \$6.45 for October and \$6.32\circ{1}{2} for November and De-cember. January closed at \$12.27\circ{1}{2} for pork, \$8.37\circ{0}{2} for pork and \$6.62\circ{1}{2} for pork and \$6.62\ 6.37 (6.40 for lard and \$6.62) for short

### CHICAGO LIVE STOCK.

CHICAGO, Oct. 6 .- | Special Telegram to the BEE. |-CATTLE-About three-quarters of the fresh cattle were Texans and rangers. Natives, especially destrable and good classes. were again scarce and sold as high as at any time this week. A few fancy lots sold within a range of \$5,10@5.35; good to choice, \$4.60@ 4.90; common and plain, \$3.50@4.25, Texans remain at the lowest prices known, and rangers are down to what would seem to be a range where it would be impossible to go lower. Active butchers' stock is also about as low as ever known in this market. The stocker and feeder trade remains almost lifeless. A few hundred or so change hands from day to day, but shipments to the country are few and far between. There has been a couple of loads of stock caives in the pens for several days, no one seeming to want that class of stock this week so far. Fancy, \$5.10@5.35. Shipping steers, 1350 to 1500 lbs, \$4.00@5.00; 1200 to 1350 lbs, \$2.55@4.25; \$50 to 1200 lbs, \$2.75@3.70. Stockers and feeders, \$1.50@3.15; cows, bulls and mixed, \$1.00@2.60; bulk, \$1.50@2.00. Texas steers, \$2.30@3.85; cows, bulls and mixed, \$1.00@2.75. Indians, \$2.50@3.20. Western rangers weak; natives and half-breeds, \$2.30@3.85; cows, \$2.00@2.20. Wintered Texans, \$3.35.

Hogs—Trade was brisk and prices about the same as at the close yesterday. Packers were paying \$4.35@4.40 for best mixed and \$4.15@4.30 for common. Best assorted heavy sold \$4.45@4.50, largely at \$4.60; light sorts, \$4.45. der trade remains almost lifeless. A few

FINANCIAL NEW YORK, Oct. 6 .- | Special Telegram to the BEF ,-STOCKS-The stock market opened firm with more inclination to trade. Reading and Western Union were the most active stocks and led the list. The bear party endeavored to force prices down by short selling, and they were credited with being short 100,000 shares. As prices did not go down the shorts became scared and began covering. The same set of dealers who have bought Western Union for several days past were again heavy buyers, and turned the course of prices upward and it advanced 24 per cent, Reading followed closely and advanced 2%, St. Paul 1¼, and Northwestern ¼ per cent. The most of the list was ¼ to ¾ per cent better. Trading up to noon was almost as heavy as during the entire day Wednes-day, being 94,000 shares of Reading and 67,-300 shares of Western Union. Reading is regarded as the biggest gamble on the list, and liable to violent fluctuations, hence operators are more inclined to trade in it than in other securities on the list. The Baltimore & Onlo deal is the chief feature in the market. It was given out in a semi-official way that the contract between the Western Union and Baltimore & Ohio was signed this morning. and that Western Union will issue sufficient stock, said to be \$5,000,000, to take up the indebtedness and capital stock of the Baltimore & Ohio telegraph. All that remains is to wait for the action of stochholders to ratify the contract, and as Western Union has already secured enough proxies, it is said that there can be no failure. The completion of the tel-egraph deal is regarded thy the bulls as a good thing for the market. They all argue doing on the market.

that the condition of business throughout the country warrants a big improvement in railroad securities. They agree that there has been a cloud, but that it has been removed and a silver lining is now apparent. It is observed, however, that most of the room traders are long on stocks in anticipation of a bulge to get out on. The report that the northwestern roads were endeavoring to patch up their little differences at their meeting to-day had rather a good effect on the Grangers and they held firm all day. In the last hour Western Union finished 1% per cent better than yesterday, Reading 2, St. Paul 16, Northwestern ¼, Union Pacific 1½, and Cotton Oils 1¾. Rock Island was 1¼ per cent lower. The total sales were 420,887 shares.

Cattle.

The receipts of cattle were still lighter again to-day, there being only fourteen loads of fresh receipts as against thirty-one yesterday. There were hardly enough cattle here to make a market and all grades of stock were very quiet. A few loads of corn fedicattle were sold at \$4.30, aside from them a few odds and ends of butchers stock and a load or two of steers were all that changed hands. Values had a downward tendency and the few cattle that were sold went at prices about 10e lower than the same kind of cattle bought during the earlier part of the cattle bought during the earlier part of the week. There was nothing doing in the feeder market, although there were a few prospective buyers looking around. Butchers' stock, especially old cows, is extremely

## GRATLFUL---COMFORTING EPPS'S COCOA

BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctor's bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle manadies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."
